

Scott G. Brooks - Bio

Scott Brooks is a fresh voice to the worldwide Body of Christ today. The combination of his passion for the local church and his dynamic preaching style is in high demand.

Prior to entering the Evangelistic Ministry in 2008, he and his wife, Christy, ministered full time as senior pastors for 15 years. They pioneered two different churches. Their most recent congregation, Changed Life Church, became a thriving multicultural community with over 700 members in regular weekly attendance. The church was well known as a diverse and loving congregation and made a positive change within the city and surrounding regions.

As former pastors, the Brooks' have a special appreciation for other pastors and a unique understanding of the needs that exist within the local church. Scott is a gifted and anointed communicator as a preacher, teacher, and conference speaker. The message and his enthusiastic delivery will challenge and encourage you to experience a deeper walk with the Lord. His ministry will provoke every listener to excel in life and to walk victoriously in Christ.

Scott is always enthusiastic about the ministry assignment whether it be to an audience of 100 or 10,000. The message will always be delivered with conviction and will be relevant to both, the believer and the unbeliever. Listeners will be propelled toward their destiny and purpose in Christ. Scott's delivery style is widely accepted in congregations of every race, denomination and demographic. He will help you and your congregation become all that you can be for the Kingdom of God.

In 2009 the Brooks' formed a non-profit charity called "The Genesis Fund" which purchases used vehicles for single mothers and also helps homeless families with housing. The Genesis Fund plans to donate at least one vehicle each month and has plans to purchase and donate its first home to a family in need by January 2010.
